NORTHERN DISTRICT OF CALIFORNIA

SAN FRANCISCO DIVISION

UNITED STATES OF AMERICA, Plaintiff, v. IVAN SPEED, DAVID MADLOCK, MATTHEW MUMPHREY, LATONYA CAREY, CRYSTAL ANTHONY, DARELL POWELL, DARLENE ROUSE, ACACIA MCNEAL, ANITA DIXON, AARON MATTHEWS, NIJAH REED, TIANA REDDIC, TIFFANY CROSS, SHOLANDA ADAMS, Defendants.	Case No: CR 14-643 EMC **DECLARATION OF STEVEN J. KOENINGER IN SUPPORT OF MOTION TO COMPEL DISCOVERY ON SELECTIVE PROSECUTION AND ENFORCEMENT**

DECLARATION OF STEVEN J. KOENINGER IN SUPPORT OF MOTION TO COMPEL DISCOVERY ON SELECTIVE PROSECUTION AND ENFORCEMENT

I, STEVEN J. KOENINGER, declare and state that:

1. I am an attorney at law duly admitted to practice in the State of California and admitted to the bar of this Court. I am a Research and Writing Attorney employed by the Office of the Federal Public Defender for the Northern District of California. Unless otherwise noted, I make this declaration based on my own personal knowledge. With respect to those matters not personally known to me, I make this declaration upon information and belief.

2. On or about May 8, 2015, I submitted a public records request to the San Francisco Police Department ("SFPD") requesting various police incident reports under SFPD General Order 3.16, the San Francisco Sunshine Ordinance, and the California Public Records Act (Cal. Gov't Code §§ 6250 et seq.). The SFPD incident reports that I requested were identified by using data obtained from the City of San Francisco's SF OpenData website, located at https://data.sfgov.org/. The SF OpenData website is self-described as "the central clearinghouse for data published by the City and County of San Francisco and is part of the broader open data program, DataSF." At this webpage, members of the public are able to access a database listing all SFPD incidents from January 1, 2003 up until two weeks from the present date. This database also allows members of the public to filter the data in various ways, including by: date ("Date"), category of incident ("Category"), description of incident ("Descript"), SFPD District ("PdDistrict"), and address of incident ("Address"). From the SF OpenData website, my office downloaded drug-related, SFPD incident report data and saved it as a Microsoft Excel file; to do so, my office filtered the data by category of incident ("drug/narcotic"). From this downloaded data, my office further filtered the data using the identified SFPD District ("Tenderloin"); we also filtered the data based on the description of the

incident contained in SF OpenData to isolate for drug-trafficking crimes as opposed to incidents that involved only simple possession of drugs. From this filtered data, my office compiled a list of various SFPD incident report numbers. That list of incident report numbers became the subject of the May 8, 2015 public records request that I submitted to SFPD. Over the course of several months, SFPD disclosed various incident reports in response to my public records request. Appended hereto as Attachment A (and filed under seal) are true and correct copies of documents that SFPD produced in response to my public records request.

3. I created a spreadsheet containing data reflected in the incident reports that SFPD produced in response to my records request; specifically, the spreadsheet pertains to those incidents involving non-Black individuals who were arrested/detained for drug-trafficking crimes. Appended hereto as Attachment B (and filed under seal) is a printed copy of this spreadsheet. The columns in this spreadsheet were based on the columns contained in the dataset of SFPD incidents that my office originally downloaded from the SF OpenData website. To those columns, my office added the following columns: "Name," "Race," "Sex," and "Health & Safety Code." During my review of the incident reports produced by SFPD, I manually inputted information corresponding to those fields. The information set forth in the remaining fields (*e.g.*, Incident Number and Address) appears as it was originally downloaded from the SF OpenData website.

4. On or about November 9, 2015, I submitted another public records request to SFPD. Appended hereto as Attachment C (and filed under seal) is a true and correct copy of a document the SFPD produced in response to my public records request.

5. In or around June 2015, my office received various documents from the San Francisco Public Defender's Office. Appended hereto as Attachment D (and filed under seal) are true and correct copies of documents that my office received from the San Francisco Public Defender's Office.

6. On or about July 21, 2015, I contacted William (Bill) Roth. Mr. Roth is

employed by Owens Information Systems, a consulting company that maintains the court management system (CMS) for the San Francisco County Superior Court. With the sponsorship of the San Francisco Public Defender, I asked Mr. Roth to prepare a report/spreadsheet from CMS. Specifically, I requested a CMS report listing all drug-trafficking cases charged in San Francisco between January 2009 and April 2015. I explained to Mr. Roth that by "drug-trafficking case," I was referring to any case charging any of the following code sections:

- H&S Code section 11351
- H&S Code section 11351.5
- H&S Code section 11352
- H&S Code section 11358
- H&S Code section 11359
- H&S Code section 11360
- H&S Code section 11375
- H&S Code section 11378
- H&S Code section 11378.5
- H&S Code section 11379

I also requested that the CMS report/spreadsheet contain various columns/data fields, including:

- Court Number
- Case Level
- Arrest Date
- Arrest Location
- SFPD Incident Number
- Defendant's Name
- Defendant's Race
- Filed Charge

- Current Charge

7. During the morning of September 11, 2015, I received an email from Mr. Roth stating that he sent the requested CMS report/spreadsheet to Chris Hite at the San Francisco Public Defender for forwarding on to me. That same morning, I received on email from Mr. Hite which contained the requested CMS report/spreadsheet (and copied Mr. Roth). The report/spreadsheet bore the filename "PD5075.xlsx." Appended hereto as Attachment E (and filed under seal) is a true and correct, printed copy of that report/spreadsheet.

8. Using Microsoft Excel, I filtered data contained in the CMS report/spreadsheet to isolate for CMS entries pertaining to various individuals. For each of those various individuals, I then printed the results of my filtering to a .pdf file and added a header to the .pdf file reflecting the name of each individual. Appended hereto as Attachment F (and filed under seal) are true and correct, printed copies of the .pdf files that I created.

9. Using the CMS report/spreadsheet and data downloaded from the SF OpenData website, my office created a spreadsheet containing all entries from the CMS report/spreadsheet that: (1) were based on arrests occurring between January 1, 2013 and February 28, 2015; and (2) were based on incidents that fell within the Tenderloin. By "Tenderloin," I am referring to the geographic area bounded by the following streets: Van Ness Avenue (north and south of Market Street); Geary Street; Powell Street; 5th Street; and Howard Street. This spreadsheet was saved as a Microsoft Excel file entitled "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)." The facts underlying the creation of this spreadsheet are detailed in a declaration from my colleague, August Sommerfeld, which I understand will be filed concurrently with my declaration. On or about October 26, 2015, I emailed a copy of the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" file to Dr. Katherine Beckett, a Sociology professor at the University of Washington.

10. Using the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" spreadsheet, I filtered the data contained therein to remove all entries pertaining to persons

identified as "Black." I then printed a .pdf copy of the remaining, non-Black entries in the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" spreadsheet. Before printing, I also "hid" various columns of information contained in the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" spreadsheet. I did so to create a more manageable printed version of the spreadsheet by removing data entries that I deemed irrelevant for that .pdf file. Appended hereto as Attachment G is a true and correct copy of the .pdf file I created by removing all "Black" entries from the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" spreadsheet.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Signed and dated this 30th day of November in San Francisco, California.

I, MEGAN WALLSTRUM, declare and state that:

1. I am paralegal at the Office of the Federal Public Defender. Unless otherwise noted, I make this declaration based on my own personal knowledge. With respect to those matters not personally known to me I make this declaration upon information and belief.

2. I personally reviewed both the Pre-Sentence Investigation Report (PSR) and the plea agreement for 5 "Safe Schools II" cases from the 2014 sweep in which the client was represented by the Federal Public Defender.

Based on my review of the PSRs and the plea agreements, I created the attached spreadsheet, attached as Attachment A, showing the Total Offense Level for the five cases I reviewed. In some of the PSRs, the Base Offense Level was calculated at Level 14 because the two-point increase in §2D1.2 for selling drugs within 1000 feet of a protected location was included in the Base Offense Level. However, in these cases the natural guidelines corresponding to the amount of drugs was Base Offense Level 12.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration was executed on October 22, 2015, in San Francisco, CA.

DECLARATION OF AUGUST SOMMERFELD IN SUPPORT OF NOTICE OF MOTION TO COMPEL DISCOVERY ON SELECTIVE PROSECUTION AND ENFORCEMENT

I, AUGUST SOMMERFELD, declare and state that:

1. I am a Paralegal at the Office of the Federal Public Defender. Unless otherwise noted, I make this declaration based on my own personal knowledge. With respect to those matters not personally known to me I make this declaration upon information and belief.

2. I reviewed a portion of the surveys completed at the Tenderloin Needle Exchange. In order to make the data illustrated within the surveys electronically accessible to Dr. Katherine Beckett, a professor at the University of Washington, I entered the survey responses onto a Microsoft Excel spreadsheet along with my colleague, Mallory Piper. The Excel spreadsheet we created contains all of the information provided in response to the Tenderloin Needle Exchange survey using the following methodology. Each survey was given a row in the Excel spreadsheet. Each question was given a column. For each survey, columns within that row were populated by the response written on the response survey sheet. Columns recording open-ended questions were populated with the written-in response. Columns recording a limited answer were populated by an agreed-upon numerical value for each response.

3. I visited the San Francisco Police Department ("SFPD") website (www.sf-police.org/) to research the boundaries of the Department's Tenderloin, Southern, and Northern District. While visiting that website, I viewed a document (dated December 10, 2014) discussing the restructuring of the boundaries for various SFPD Districts. Within that document, I viewed a page displaying the proposed and current boundaries of the Tenderloin District. Appended hereto at Attachment A is a true and correct copy of that page. At the SFPD website, I also viewed a copy of SFPD General Order 1.02, entitled "District Boundaries," which indicated an

effective date of July 19, 2015. Appended hereto at Attachment A is a true and correct copy of that document. While visiting the SFPD website I also viewed maps illustrating the current and previous boundaries of the Tenderloin District. Appended hereto at Attachment A are true and correct copies of those maps.

4. I downloaded data, related to San Francisco Police Department ("SFPD") incidents, from the SF OpenData website into Excel. To download, I visited https://data.sfgov.org/. At this website, maintained by the City and County of San Francisco, members of the public are able to access a database listing SFPD incidents from January 1, 2003 up until two weeks from the present date. This database also allows members of the public to filter the data in various ways, including by date ("Date") and category of incident ("Category"). The SF OpenData website also provides geographic coordinates for each SFPD incident. From this website, I used two filters to gather city-wide information on drug-related SFPD incidents: 1) the category of "drug/narcotic" and 2) dates between January 1, 2003 and February 28, 2015. I downloaded the results in a .csv file. I then opened this file in Excel and saved it in an Excel format. Herein, I will refer to this dataset as the "SF OpenData Dataset."

5. On or about September 11, 2015, my office obtained data from the Court Management System (CMS) for the San Francisco Superior Court. This data is described in more detail in the Declaration of William Roth, which I understand will be filed concurrently with my declaration. Herein, I will refer to this dataset as the "CMS Dataset."

6. I merged the SF OpenData Dataset into the CMS Dataset using SPSS, a statistical software with which I am familiar and use frequently during the normal course of work. I opened the CMS Dataset and saved it as an SPSS save file. In SPSS, I also opened and saved SF OpenData Dataset as an SPSS save file. I then used SPSS to add information from the SF OpenData Dataset to the CMS Dataset by merging the two datasets. I merged the two datasets based on incident report numbers, a field or column of information that is contained in both datasets, by reducing the OpenData Dataset to unique incident report entries. Then by matching

incident report numbers, I merged the following information from SF Open Dataset into the CMS Dataset: “category”, “date”, “pddistrict”, “time”, “address”, “x”, “y”, and “location.” The “x,” “y,” and “location” information contains the geographic coordinates for each SFPD incident. Herein, I will refer to this merged dataset as the “Merged Dataset.”

7. I next filtered the data contained in the Merged Dataset to remove all entries that did not have an arrest date between January 1, 2013 and February 28, 2015 (because unlike the SF OpenData Dataset, the CMS Dataset was not limited to these dates). I then filtered the resulting data to include only those incidents that occurred within the Tenderloin. By “Tenderloin,” I am referring to the geographic area bounded by the following streets: Van Ness Avenue (north and south of Market Street); Geary Boulevard; Powell Street; 5th Street; and Howard Street. In order to filter the Merged Dataset to include only those SFPD incidents that fell within the Tenderloin, I first used Google Maps to determine the most northern, southern, western, and eastern points of the Tenderloin (37.787924, 37.770202, -122.422042, -122.404582). I then filtered out of the Merged Dataset all data that did not have geographic coordinates that fell within these northernmost, southernmost, westernmost, and easternmost points of the Tenderloin. Next, I imported the resulting filtered data into Tableau, a program with which I am familiar and which I use frequently during the normal course of work. Tableau is a program that is capable of plotting locations by using geographic coordinates and displaying those locations on a map. Using Tableau, I plotted all of the data points remaining in the Merged Dataset (based on the geographic coordinates for each entry). From the resulting map of data, I then manually filtered out any data point not within the Tenderloin area as defined by the street boundaries mentioned above.

8. Upon reviewing the Merged Dataset, I found 248 data points in the CMS Dataset that did not have a corresponding match in the SF OpenData Dataset (based on SFPD incident number). The CMS Dataset, however, included a column entitled “Where Arrested.” Using the data contained in this field, I manually researched the arrest location for each of the 248 data

points using Google Maps. If the arrest location fell within the geographic area of the Tenderloin as defined above, that data point was retained in the Merged Dataset. I then saved the resulting dataset (the Merged Dataset post-geographic filtering as detailed above) as an Excel file entitled "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)." Appended hereto as Attachment B is a true and correct, printed copy of that Excel file. On or about October 26, 2015, my colleague, Steven Koeninger, emailed a copy of the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" Excel file to Dr. Katherine Beckett at the University of Washington.

9. I also used Tableau to create a map displaying the location of each incident in the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" file that involved a non-Black individual. First, my office used Google Maps to obtain geographic coordinates for the 248 data points that lacked such coordinates after the CMS Dataset and the SF OpenData Dataset were merged (as described above). The following steps were used: first, the address or intersection identified in the "Where Arrested" column was entered into Google Maps, resulting in the display of a "pin"; second, the pin location was right-clicked to reveal its geographic coordinates (using the "What's Here" function); and third, the geographic coordinates were entered into the spreadsheet. After geographic coordinates were present for all data points in the "Charge Based Master Tenderloin Dataset (Jan 2013 thru Feb 2015)" Excel file, I filtered the data to remove all entries identifying the Defendant as Black. I then imported the resulting data into Tableau and displayed those data points on a map. Because some of the incidents occurred at the same location, some of the data points overlap one another on the map. Appended hereto as Attachment C is a true and correct printed copy of the map I created, as well as four enlarged quadrants of that map. The center point of the enlarged quadrants is set at the following coordinates: -122.414, 37.77997.

10. Using Google Earth Pro, I created a map that: (a) displays the locations of various playgrounds and educational institutions (elementary, secondary, vocational, and post-

secondary) in the Tenderloin; and (b) displays 1000-foot-radii circles surrounding each of those locations. The playgrounds and educational institutions on this map include the following:

- Civic Center Secondary School (727 Golden Gate Avenue)
- Tenderloin Community School (627 Turk Street)
- Sacred Heart Cathedral Preparatory School (1055 Ellis Street)
- French American International School (150 Oak Street)
- Sgt. John MacAulay Park
- Tenderloin Children's Play Area
- San Francisco City Academy (230 Jones Street)
- Academy of Art University – Liberal Arts (491 Post Street)
- San Francisco State University – Downtown Campus (835 Market Street)
- San Francisco School of Digital Filmmaking (925 Mission Street)
- The Art Institute of California (1070 Market Street)
- National Holistic Institute (1665 Market Street)
- DeMarillac Academy (175 Golden Gate Avenue)
- Joe Alioto Piazza Children's Play Area
- Marinello School of Beauty (1035 Market Street)
- California Institute of Integral Studies (1453 Mission Street)
- San Francisco Institute of Esthetics and Cosmetology (1067 Folsom Street)
- Gene Friend Recreation Center and Park
- Victoria Manalo Draves Park
- Presidio Knolls School (250 10th Street)
- The Arc, San Francisco (1500 Howard Street)

To plot the geographic location of the various playgrounds, I input either the geographic coordinates identified on the San Francisco Recreation and Parks Department website, http://sfrecpark.org/, or geographic coordinates obtained by my colleague, Loana Dominguez. I also used the geographic coordinates obtained by Ms. Dominguez to plot the property comprising the French American International School. To plot the location of the remaining educational institutions, I did the following for each: obtained the address of the institution using Google; input the address into Google Maps, resulting in the placement of a "pin" on the website; right-clicked on the pin to reveal the geographic coordinates for the pin (using the "What's Here" function); copied and pasted those geographic coordinates into Google Earth Pro; and dropped a "pin" associated with those coordinates in Google Earth Pro. I then used the measuring tool in Google Earth Pro to draw circles with 1000-foot radii (+/- one-half foot) around each of the playgrounds and educational institutions that I plotted. Those circles are displayed in green around each pin. Using the street boundaries described above, I also drew a red line around the boundaries of Tenderloin area. Appended hereto as Attachment D is a true and correct printed copy of the map I created.

11. I created a map displaying the locations of the incidents underlying the charges against each of the thirty-seven individuals targeted by Operation Safe Schools (those individuals charged in federal court). To develop this map, my office reviewed discovery/information associated with each case and identified the address, block, or intersection associated with each underlying incident. My office then used Google Maps in the same manner described above to obtain geographic coordinates for each address, block, or intersection. I imported the geographic coordinates associated with each incident into Tableau, plotted each of the data points, and displayed them on a map. Because some of the incidents occurred at the same location (e.g., 90 Turk Street), some of the data points overlap one another on the map. Appended hereto at Attachment E is a true and correct printed copy of the map I created. I also created a map displaying the above-described thirty-seven incidents within the current and former boundaries of SFPD's Tenderloin and Southern District. Appended hereto at Attachment F is a true and correct printed copy of this map.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

DECLARATION OF SAQUITA NASH

I, Saquita Nash, declare as follows:

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

2. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin routinely give more attention to African-Americans than individuals of other races.

3. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin are also often sexually inappropriate towards African-American females.

4. I have personal experience with San Francisco Police Department officer Shawn Ryan. In 2012, while I was detained at the Tenderloin Police Station, several unknown female police officers attempted to conduct a vaginal cavity search of my person. I resisted the search. Later, Officer Ryan came into the room where I was being held and screamed at me, "Quit fucking around Ms. Nash!" While I continued to be handcuffed, he turned me around and forcibly spread my legs from behind. While another female officer held me down, Officer Ryan attempted to remove a bag of drugs from my vagina. I screamed "help me, help me!" Officer Ryan ultimately extracted the drugs from my vagina, but I felt extremely violated in the process.

5. On other occasions, Officer Ryan has referred to African-American females as "bitches" and has made comments that women who are confidential informants for him are "bitches that work for me."

6. Another officer, Officer Ferguson, has attempted to recruit me as a confidential informant on at least ten occasions. He has frequently said to me, "Give me three, get you free." This sort of repeated contact and unwelcome attention from Officer Ferguson made me very uncomfortable.

I declare under penalty of perjury that the foregoing is true and correct.

EXECUTED this 13th day of October, 2015, at dublin, California.

I, Aaron Mathews, declare as follows:

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

2. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin routinely give more attention to African-Americans than individuals of other races.

3. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin are also often sexually inappropriate towards African-American females.

4. I have personal experience with San Francisco Police Department officer Darren Nocetti. I once observed him choke a man named Joe in the Tenderloin, who Officer Nocetti suspected as having drugs inside of his mouth. Joe denied having any drugs. In response, Officer Nocetti placed him in a chokehold until blood vessels in his eyes appeared to pop, turning Joe's eyes red.

DECLARATION OF ACACIA MCNEAL

I, Acacia McNeal, declare as follows:

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

2. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin routinely give more attention to African-Americans than individuals of other races.

3. In addition to this, I have witnessed law enforcement officers in the Tenderloin use racial slurs, such as referring to African-American females as "black bitches." I have been called "bitch" on many occasions by officers in the Tenderloin.

4. Through my personal experience and observations, I am aware that male law enforcement officers in the Tenderloin also improperly search female suspects, in what I understand to be a violation of official San Francisco Police Department policy. This happened to me on two separate occasions within the last five years. On both occasions, the most recent having occurred approximately two years ago, a male officer searched me, touched my breasts and unclasped my bra. I objected to the search, but the officer continued.

5. I have personal experience with San Francisco Police Department officer Shawn Ryan. In or around 2008, while being transported to San Francisco County Jail by Officer Ryan, Officer Ryan said a comment to me like, "I just got married and you better be glad . . . or I'll take some black pussy."

3. On November 11, 2013, I was in the Tenderloin in violation of a stay away order. After I was detained by San Francisco Police Department Officers, a fight broke out between two white men close to where I was being arrested. The officers were more concerned with arresting me for not complying with a stay-away order and they ignored two white men getting into a fist fight. The officers failed to separate them or stop the fight from happening, and just put me in the back of the police car and drove away.

4. I have heard San Francisco Police officers refer to people as "bitches" and use phrases such as "sit your black ass down" when speaking to African-American people.

5. In February 2013, San Francisco Police Department Officer Shaughn Ryan made a comment to me during an arrest that "You should be doing something else with that body, you could making that money doing something else other than selling drugs." This statement made me feel uncomfortable.

DECLARATION OF MATTHEW MUMPHREY

I, Matthew Mumphrey, declare as follows:

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

2. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin routinely give more attention to African-Americans than individuals of other races.

3. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin are also often sexually inappropriate towards African-American females.

4. In 2014, while walking in the Tenderloin neighborhood, I was stopped by trwo unknown police officers. One of the officers was Caucasian, while the other was Latino. The officers questioned me about wearing a bulletproof vest and I responded to their questions and showed them my security license, which enables me to wear a bulletproof vest as part of my employment. The officers then searched my person and located Oxycontin pills. They accused me of possessing the pills for sale, which I denied. The officers then placed me under arrest. They then drove me through the Tenderloin and located my car to search for drugs. Over my objection and without a warrant, they searched my car and damaged it in the process. No drugs were located and hours later, I was released from custody.

5. Each time I have since seen the same two officers, they have verbally harassed me and accused me of selling drugs. In response, I eventually filed a complaint against both officers with the Office of Citizen Complaints.

I declare under penalty of perjury that the foregoing is true and correct.

EXECUTED this 22th day of Sept, 2015, at San Francisco California.

DECLARATION OF MELLINA WILLIAMS

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

DECLARATION OF SHALONDA ADAMS

I, SHALONDA ADAMS, declare as follows:

1. I have personal experience interacting with and observing police officers in San Francisco's Tenderloin neighborhood.

2. Through my personal experience and observations, I am aware that law enforcement officers in the Tenderloin routinely give more attention to African-Americans than individuals of other races.

3. San Francisco Police Department Officer Shaughn Ryan is known in the Tenderloin neighborhood for harassing African-Americans. Officer Ryan makes me feel uncomfortable because he has made comments to me that have made me feel that he was speaking to me in a sexually inappropriate manner.

4. I frequently have felt that officers have specifically singled me out because of my race. On one occasion, Officer Hope was particularly rough. I was just going to work as an in-home care worker in September 2014. At the time I was pregnant. The officers detained me, grabbed my arms, and were forceful with me. They also harassed my client, an African-American gentleman who was at the time using a cane and recovering from a stroke who had come over to where I was. They pushed him against a car and roughed him up. They used more force than necessary in questioning both of us before they let both of us go. I felt that the interaction was harassment targeted by race.

I declare under penalty of perjury that the foregoing is true and correct.

EXECUTED this 8th day of October, 2015, at S.F., California.
